SKILLS

- **Languages:** C++, Python, Java, JavaScript, SQL
- **Frameworks & Libraries:** React.js, Node.js, Express.js, NumPy, Pandas, Scikit Learn
- **Databases & Tools:** MySQL, MongoDB, Git, Linux
- **Web Technologies:** HTML, CSS
- **Core Concepts:** DSA, OOP, DBMS, REST APIs
- **Soft Skills:** Cognitive Agility, Solution-Oriented Mindset, Execution Focus, Learning Adaptability, Ownership Mentality

PROJECTS

AI-Powered E-Governance Grievance Classification & Auto-Response System. May 2026 – July 2026
| AI & NLP Application| [Link](#)

- Architected an AI-powered grievance management platform that classifies citizen complaints and generates contextual automated responses through an interactive web interface.
- Engineered asynchronous request processing with AsyncIO and Pydantic based validation, improving application reliability, scalability, and response efficiency.
- Streamlined the project with modular code organization, automated verification workflows, comprehensive documentation, and Git-based version control for maintainability.
- **Tech:** Python, Streamlit, Pydantic, AsyncIO, NLP, Git, GitHub

FoodPulse - Online Food Ordering Website | Modular Monolithic Architecture | [Link](#) March 2026 – May 2026

- Crafted a full-stack food ordering platform enabling users to browse menus, explore categories, manage carts, and place orders through an intuitive interface.
- Orchestrated frontend and backend integration using RESTful APIs to ensure seamless data flow, efficient routing, and reliable order management.
- Optimized application performance with responsive UI components, scalable database connectivity, and cross device compatibility for an enhanced user experience maintainability.
- **Tech:** React.js, React.js, Node.js, Express.js, MongoDB, JavaScript, HTML, CSS, Git, GitHub

Portfolio Optimization Using Genetic Algorithm | Optimization & Machine Learning | [Link](#) Oct 2025 – Dec 2025

- Engineered a Genetic Algorithm–based portfolio optimization system to identify optimal asset allocations by balancing expected returns and investment risk.
- Implemented evolutionary optimization techniques including selection, crossover, mutation, and fitness evaluation to iteratively improve portfolio performance.
- Analyzed financial datasets and generated optimized investment recommendations through quantitative risk-return evaluation and heuristic search strategies.
- **Tech:** Python, Genetic Algorithm, NumPy, Pandas, Financial Analytics

TRAINING

Summer Training June 2025 - July 2025
Data Structures and Algorithms | [Link](#)

- Achievements: Developed an AI-powered Crop Disease Prediction System featuring interactive visualizations, confidence-based predictions, and weather-assisted disease analysis using HTML, CSS, and JavaScript.
- Key Learnings: Applied core Data Structures and Algorithms to optimize data processing, search techniques, and application performance while strengthening problem-solving skills.
- Technical Exposure: Gained hands-on experience with C++, HTML, CSS, JavaScript, Git, and algorithm design through practical assignments and project implementation.

CERTIFICATES

- Oracle Cloud Infrastructure 2025 Certified AI Foundations Associate | Oracle | [Certificate](#) Apr 2025
- SSQL (Basic) | HackerRank | [Certificate](#) Nov 2025
- Master Generative AI &GenerativeAI Tools |Udemy | [Certificate](#) Aug 2025

ACHIEVEMENTS

- Successfully completed the 7-Day Web Development Bootcamp conducted by DevTown, where an Amazon Clone was built using HTML, CSS, and JavaScript. Feb 2025
- Completed multiple industry-recognized certifications in Artificial Intelligence, SQL, and Cloud Computing, strengthening practical knowledge in software development and AI technologies. Oct 2025

EDUCATION

- **Lovely Professional University |** 2023 - 2027
Bachelor of Technology in Computer Science and Engineering; CGPA: 6.61 Punjab, India
- **Narayana Junior college |** 2022 - 2023
Higher Secondary; Percentage: 83.3% Andhra Pradesh, India
- **Lotus High School |** 2020 - 2021
Matriculation; Percentage: 99% Andhra Pradesh, India
